Year 6

In line with government guidelines, your child's teacher has put together a selection of activities to provide a balance of learning during this period of closure. Please complete as many as possible and bring the outcomes into school when we re-open. If you are able to print this sheet and add a comment that would be helpful but not essential if you are not able to print. We are sympathetic to the fact that in these unusual circumstances parents may have work commitments to balance with child care and that this may place pressures on the time available to support your child with this. Please just do as much as is manageable.

This term we have been using the picture book Journey by Aaron Becker. Our topic is focusing on journeys, modes of transport and enterprise.
